Description

Hello! My name is Paulina Garcia-Monroy, I am a freshman at Bear Creek High School and this is my first year raising an animal for the fair. Throughout my project of raising the meat birds for fair, I have encountered many new skills and experiences that I would not have known otherwise if I did not join my Agricultural Class. This class has introduced me to the possibilities of working in agriculture and has handed me new experiences. Throughout my project, I dedicated my time to ensure that the chickens were safe and cared for daily. I have enjoyed each step of the process. I have learned how to raise and take care of chickens, how to keep appropriate records, and to prepare to present them at the fair. I am looking forward to expanding my project next year! Thank you for taking the time to learn a little bit about my journey and experiences!
