**FFA Chapter or 4H Club Name** Delta Charter FFA

**Validation Tag or Show reference#** 3,4

**County** San Joaquin

**City** Tracy

**Animal Weight (in Pounds)** 5.40

### **Description**

My name is Josiah Killian. I am 15 years old and I will be a Junior at Delta Charter High School. I am a member of the Delta Charter FFA Chapter. This is my first time showing an animal at AgFest and I am showing a pen of meat chickens. I choose these because of my personal interest in birds and I wanted to start with something small to raise then try with a different animal next year. I have enjoyed raising them because they taught me how to care for animals, how to feed/care for chickens, recordkeeping, and staying organized.

I am raising Leghorn Cross White chickens. I have been raising and caring for the chickens for a couple of weeks now. Come fair time, they will weigh anywhere from 7.5 pounds. Multiple times a day, I come in and make sure they are fed, have fresh clean water, and check on their health. When needed, I change the bedding of shavings to assure that they will have a clean, healthy environment. I do not raise the chickens only for the money, but for the great learning experience on how to care for another life and how to take care of my responsibilities. The money I receive from the fair will be going towards my college fund. I hope to study at the University of Reno Nevada where I can study medicine.

Quantity: 1
