Validation Tag or Show reference# 555

County San Joaquin

City acampo

Animal Weight (in Pounds) 228

Date of Reported Weight 06/16/2021

Description

Hello, my name is Nathan Sherbondy and I am a junior at Lodi High School. 2021 is my third year with the Lodi FFA Chapter and I am raising a market swine for the San Joaquin AgFest.

My interest in Agriculture has greatly inspired me to raise animals to further my career aspirations within the Agriculture industry. This experience has taught me many skills including responsibility, organization, and a commitment to a strong work ethic. In addition to my agricultural activities, I play baseball for the Lodi High Varsity Team, hold a 3.6 GPA and I am a member of the Lodi High Bass Fishing Team.

My yorkshire sow was born in December of 2020. Her name is waffles and has a straight and very muscular back with a great ham. I work with her on a daily basis to keep her muscles defined. At this time she has been gaining about 1 pound per day and should weigh about 250 by Agfest.

This year the AGfest is split into different days when each species of animal is shown and sold due to covid regulations. The San Joaquin AgFest will be held for showing market and showmanship for three days in the swine unit. The AgFest has made the decision to allow the auction of my market swine to be live meaning you will be able to attend the sale on June 19th. For more information and updates about the sale it will be posted on the AgFest website. If you are not able to bid on my swine, any donations would be greatly appreciated to help cover my costs for my market swine and help me reach my goals this year.

I want to thank you and your family for everything that you do for the Lodi FFA program and our community. Your continued support through the years has strengthened our community and encouraged our youth to choose a career in agriculture. Thank you again!

I plan on using my proceeds from the sale of my market swine to put towards my college education. These proceeds will help me accomplish my goal of attending Texas Tech and majoring in an Ag related field with a degree in law.

Sincerely,

Nathan Sherbondy
