### **Description**

I decided to raise a market lamb for my first year. My market lamb's name is Chevy! He is 132 pounds since weighted on May 23. He is energetic, loving, and super fun to be able to raise! I wake up every morning at 6:30 to go feed at our local farm, and come back at 7 to do his evening feed. During every visit, I make sure to refill and clean his water, make sure he has the right amount of food, and make sure he is well taken care of. I maintain his healthy lifestyle by taking him on walks every other day in our arena.

**Quantity:** 133
