### **Description**

My name is Lola Lombardo and this is my market goat Pablo. This is my first year raising a market animal and I have been very grateful for the experience and have learned alot. I havded cared for my goat to the best of my ability and have given him the best life possible filled with lots of love and care. I have also given him the best feed available to made sure he always had fresh water. I have also exercised him and cared for his hair and hide as much as possible. I am glad that I have given Pablo the best life he could have. in return, Pablo has taught me alot of patience and kindness. Determination and dedication have played a big part in raising this goat. I am planning on using the profits of the sale of Pablo to put into my next years project and the genetics for my breeding project. Thank you for your generosity and support and I am excited to be a part of the future of agriculture!
