**Description**

Hi, my name is Cody.

This is my steer, Bo. He was 7th place in his Semmental class in San Antonio. I was really excited to see how things went in Houston. We have had a great year together learning from each other. He has such a unique personality.

This is my 3rd year in the beef cattle project and has, by far, been my favorite. I have really learned a lot and showing has become a passion. I love spending time with my animals. Any help is greatly appreciated!

Thank you and see you down the road!

Cody DeAx
