Description

Hi, My name is Olivia Rudd. I recently graduated high school and I am finishing my 11th year in 4H. My involvement in the El Paso County 4-H program has supported my ongoing growth and development while learning new project skills, developing leadership skills, and making lifelong friendships. 4H has had a profound impact on my life and helped make me the person I am today. This year I have had the honor to be the Club President of the Fountain Farmer 4H club. Breeding rabbits is something I have wanted to do over the time I have been in 4H and I made it happen my last year despite not being able to have my rabbits at fair. Over the course of the 4H year, my doe, Bun Bun, gave birth to two sets of kits. I now have a total of 13 rabbits at home. Since I was not able to bring them to fair and sale, I have not decided what my plans will be with them. In the fall, I will be attending Colorado State University – Fort Collins and will major in Family and Consumer Sciences. It is my plan to use the premium money for college expenses. Thank you for taking the time to read a little bit about me and my rabbit project.
