Description

Hello, my name is Gwen and I am a member of the Angel Fire 4H club. This is my second year in 4H, but only my first year doing a market project. I decided to focus on market turkeys because I am already raising chickens and I thought they could be added to the flock easily.

I raised broad-breasted white turkeys because they grow fast and give a lot of meat. I enjoyed raising the turkeys because they had funny personalities and were easy to take care of. While the turkeys were growing, I learned a lot about turkey diseases (like Blackhead disease) and how fast they grow.

My best turkey placed 4th out of all of the market turkeys and weighed about 24 lbs.

Thank you for reading about my project!
