County El Paso

City Black Forest

Animal Weight (in Pounds) 233

Date of Reported Weight 07/12/2021

Description

Meet my Berkshire hog, Bacon! I got Bacon from my cousin in Kentucky when he was a baby. I got to stay with my cousin for a week and he taught me how to walk a pig, how to feed him, and take care of him. This is my first year doing a swine project in 4H. My favorite part of this project is petting my pig, feeding him marshmallows, and showing him to my friends.

I tried to teach Bacon how to sit for a treat, but he is kind of dumb. Bacon is really cute, but I learned I'm not supposed to get too attached to my pig because he is food. And if I don't auction him off, my Dad is going to eat him anyway. I like to eat real bacon when my Mom makes pancakes and I like hotdogs too. I learned that Berkshire pig meat is the best. I learned it is hard to raise a meat pig because they are fun to play with and I don't want them to be butchered, but if we don't butcher the pigs then my Mom will

only put vegetables on my plate.

I like showing my pig and I want to do a swine project again next year. This year Bacon and I got first place in our class!

I am going to get my black belt in taekwondo this year, and I am starting football this fall for the first time. I want to be an astronaut and a storm chaser when I grow up. I want to save my money for next year's project and to pay for college.
