Description

My name is Owen and I am in Fountain Farmers 4-H club. This is my first year in 4-H and in the market poultry project. I was very excited to pick out my turkey as a poult and raise her. Being my first time raising turkeys, it was a complete learning experience. I had to ensure she was fed with at least 20% protein pellets and lots of yummy snacks like scratch, hard-boiled eggs, and mealworms. I weighed my turkey every week because I was concerned that about her making weight for fair, but to my surprise not only did she make weight, but she also placed 3rd in turkeys. I am very proud of my turkey.

My favorite part of the poultry project is learning about turkeys and discovering they are very curious creatures. They will follow me around their pen to watch what I am doing and peck the what ever things I brought into the pen with me. It is fun to play

with them and watch them jump onto obstacles and small structures because I would not expect them to be able to with how heavy they are.

I appreciate your time and support in my first poultry project!
