Description

Hi my name is Miguel Cantu. This is my 4th year in the rabbit market project. I love doing 4H. I can't speak to you because I have autism. So if you would like to take to me my mom would be happy to tell you about me. So please don't think I'm rude if I don't look at you. I love being in 4H it helps me make friends and get out into the world around us. Thank you for looking at my project. I hope you have a wonderful day. God Bless
