**Description**

This is my third year in 4h and third year raising market geese. I also raise ducks, pigs, and lambs. The waterfowl will always be my favorite. I want to work in an animal hospital one day.

I raise my geese in a separate pen in our chicken coop just for them. During the day I walk the geese out to their outside pen where they can make a big mess with their water like they always do. They love to flap their big wings and are very loud. They are so soft and fluffy I like to hold them but they don't always like it. This goose was my biggest one this year.

Thank you for taking the time to look at my goose and for supporting 4h.
