Description

Hello, my name is Henry Shell and this is my second year loving market birds and being in the golden prairie 4H club. I feed my Cornish X Rock birds a 20% protein grower ration. I've been amazed at how much they've grown the last few weeks, even when I am rationing their feeding. this year has been very busy for me as I am also raising two hogs. sadly, neither of them were able to make weight this year so I can only have a trio of fried chicken to sell! Please consider supporting my way to next year in which I plan to raise steers so you can have chicken legs and hamburger next year!
