City Yoder

Animal Weight (in Pounds) 28

Date of Reported Weight 07/17/2021

Description

Meet Tommy, He is a White Broad Breasted Turkey. I acquired him from the local Big R store in March after the losing my first batch of turkeys to an animal that got into the coop. Even though I had to start over and was worried about the time frame. He ate really good and made weight. I enjoyed taking care of him, he likes to roam around with me when I am outside. However, he does not like getting bathed! I have learned a lot about taking care of poultry. I am very proud of my turkey and how well he has done.
