Date of Reported Weight 08/04/2021

Description

The last year has been a challenge for us all and with this year's Adams County Fair, we are getting the chance to get back a little bit of "normal." This is my last year in 4-H and I wanted to make this year my best one yet.

I took the time to meet with breeders I have developed strong relationships with to evaluate my goals and purchase the best livestock I could with the budget I had. I am very proud of the animals I had to show this year.

I had the fantastic opportunity to attend both the Next Level Goat Camp and YGB Lamb Show Camp this summer where I was able to further my fitting skills as well as spend time in the show ring improving my showmanship skills.

My market goat, Cash, was great to work with. I am proud of the time I've been able to spend with him at home and at local jackpot shows. He is heavily muscled and very balanced. I appreciate how well we work as a team when training. He was very competitive all summer long.

and I am proud of how strong we finished at fair this year, earning Grand Champion Market Goat.

As a 4-H supporter, there are two ways for you to participate—as a buyer in the Junior Livestock Sale or a participant in the Add-On Program (which is additional money given to the youth without going through the bidding process).

Thank you for taking the time to read this and for all of your support with 4-H.
