Validation Tag or Show reference# D3

County Adams

City Fort Lupton

Animal Weight (in Pounds) 3.11

Date of Reported Weight 08/05/2021

Description

Due to a highly contagious rabbit virus, RHDV-2, rabbits were unable to be shown in person this year. This year, again, our rabbits were judged virtually by uploaded photographs. It isn't ideal, however, we were happy to be able to participate in fair and have a both virtual and live auction this year!

I have loved working with rabbits during my time with the 4H program. I have valued judging, breeding, showing, and raising market rabbits. This being my last year has been bittersweet. I will take forth so much of what I have learned but will also miss this part of 4H. I will be found in the 4H volunteer circle now! :)

There are two ways to support me in the 4H auction - as a buyer during the auction or utilizing the "Add-On" feature which allows the supporter to give additional money to the child without going through the auction and bidding process.

I thank you for supporting the 4H program and youth like me!

~ Kelsea
