Description

Meet my Boer goat Big Boy. My mom had found this man who was selling his goats. We had looked and found him. He is a twin to another goat we had gotten. He is bigger than his girl twin. He was born in January. We have been feeding him 15% Creep feed and grass hay. As a supplement we have been feeding him salt, mineral, and baking soda. He has grown so much since when we had first bought him and still continues to grow rapidly.
