**City** San Antonio

**Animal Weight (in Pounds)** 116lbs, 107lbs

**Date of Reported Weight** 12/29/2021

### **Description**

Howdy, my name is Autumn Hall. It's that time of year again and I've decided to continue on my journey in raising lambs. I am a Junior at James Madison High School. I have currently been in the lamb barn for 3 years, all throughout my High School years. I've continued to grow and learn more with my new year in the lamb barn, taking into account what I've learned last year.

This time around I've decided to raise a Southdown and take on the responsibility of a Hampshire lamb as well. My lambs names are Phineas and Ferb. My Southdown, Ferb, is the better of my two lambs. He's great when I set him up, he braces well and stays still in his position. My Hampshire lamb, Phineas, is more on the stubborn side, but I've continued to work with him and he's getting better. I've put in many hours into the barn, with feeding, showing, and practicing with them in order to get them looking their best. They're both wonderful lambs that I love working with and being around.

Thanks for reading about my project! Thanks for all or any donations too, it's highly appreciated. The money that I gain with this auction will go on to be used for my future projects, I plan on raising again my last year in the barn and the money will be really helpful. I'll be a Senior and I want to make my last year count with all I got.
