**County** Bexar County

**City** San Antonio

**Animal Weight (in Pounds)** 76 lbs

**Date of Reported Weight** 01/08/2022

### **Description**

Hi! My name is Patricia Torres. I'm a senior at James Madison (JM) High School. I have been involved in the JM FFA chapter for the past 4 years. Two years ago, I started as a Junior Varsity in the Livestock Raiser/Feeder Program and really enjoyed raising a goat. Last year, I was a Varsity raising goats and decided to do it again in my final year of high school. It has been a successful year with both of my goats, Luke and Leia (from Star Wars!), they have been placed at each of the shows I have gone to! In addition to the animal program, I am a JM National Honor Society member as well. I am involved in other extra/co-curricular activities, such as JM UIL Science, the Vet Science and Livestock Judging Career Development Event teams, piano and painting lessons as well as swim classes. I also love to give back to my community by volunteering in the JM Interact Club. I am a kind, hardworking, and perseverant person. I am top 6% in my class and on track to

college. I just got accepted into my dream school, Texas A&M University, and I strive to graduate from there with high academic performance and become a veterinarian. Thank you for taking the time to read my page. God bless.
