Animal Weight (in Pounds) 118

Date of Reported Weight 01/11/2022

Description

Hi y'all! My name is Julianna Hover and I'm currently a sophomore at James Madison High School and I raise a dorper lamb I have named Stephen. This is my second year showing and it has grown to be a big passion of mine. I spend hours twice a day every day at the barn feeding, exercising, and practicing showing my lamb. I have also been very successful with the opportunities I've been given. Recently at Ag Fair I placed second, and won reserve champion breed at the past cougar classic show. Growing up I was a very shy individual who didn't like to talk or speak up. Throughout this program, I have been taught confidence and it has helped me grow as a person. I have never felt more at home than I have in the barn. Showing lambs has become a big passion of mine and I look forward to pursuing it throughout the rest of my high school years. Thank you in advance to any support I have been given throughout this auction!
