Date of Reported Weight 01/11/2022

Type of Sale Premium - Exhibitor Keeps Project

Sex-Swine Gilt

Description

Hello. My name is Emily Talley and I am a senior of James Madison High School. This is my fourth year being involved in the Madison FFA swine project. In the course of my 4 years in this project, I have learned to face challenges with a purpose, ask better questions to ensure understanding, and working together as a team. As I move on towards my secondary learning, I will use what I have learned in my experience to help better my education. I am currently raising a Hampshire named Luna. She has taught me to be patience and understanding, but most of all how to laugh and affection. The money I acquire from this project will help me further my education. I plan on attending Schriener University in Kerrville with a focus on digital design. Thank you for your support!
