Description

Hi my name is Rachel Saucedo. I am a junior at James Madison high school. This is my 3rd year involved in the Agriscience Magnet Program and my second year raising. I currently have one goat named Maverick. He always gets so excited when I walk up to his pen and I really like going to the barn to see him and love the bond that I have created with him. When I go to shows the judges usually say that Maverick has good structure. Maverick has great potential, I enjoy seeing the progress he has made and can't wait to see even more progress. I have learned a lot about responsibility while raising. The auction money would go towards next years project. Thank you for supporting me and my project!
