**Animal Weight (in Pounds)** 111 and 100

**Date of Reported Weight** 01/10/2022

### Description

This year I raised two baby boys, both dorpers. Eros is the large one with the stripe on his face and has given me a rough time throughout the entire year. Pappy Van Winkle is the smaller one, that looked like a pot belly pig, when I first got him. I love and care for both of them, although Pappy has giving me the most success. He has developed into a fine sheep that allowed me to win first place at the North East AG Fair in his division, then placed as Reserve Champion. Then I was chosen to compete in Showmanship, although we did not win, he did very well. Thank you in advance for supporting me in my endeavor to attend college after I graduate.

**Quantity:** 1
