**Validation Tag or Show reference#** STSF 212

**County** Newton

**City** Newton

### **Description**

My steer Billy Bob is an American steer out of a cow owned by one of our family friends. He has lived on our farm most of his life. I have raised five steers at the county level, but this is my first steer for the South Texas State Fair. Billy Bob has been a great project. He is super gentle, but he has taught me a lot of patience. He is stubborn and sometimes thinks his way is best. It has taken a lot of hard work to get him to show. Billy Bob eats approximately 25 pounds of feed each day, but I think he would eat as much as I poured. He has a big appetite. My family owns a commercial cattle and club calf operation. Raising quality beef is our top priority and I am excited to offer this calf for purchase. Thank you so much for supporting me, as well as all of the exhibitors at the YMBL South Texas State Fair.

**Quantity:** 1
