Type of Sale Terminal - Buyer Wins Project at High Bid

Description

When I received my roasters in January, I immediately got to work to ensure that my chickens had a temperature regulated house, and an abundant amount of fresh feed and water. This was my first set of roasters, and they have taught me that attention to detail and consistency play a big factor in the development of these chickens. While chickens never cease to be a lot of work, the memories I make with my dad will always make it worth it.
