Hi my name is Abigail Samuel I'm 14 years old, and I am in the 8th grade at Waterloo Middle School. I am the president of my 4-H club and I am very involved. I have grown up in an agriculture based family so I have grown to love things to do with Ag. That's why I joined 4-H and that's where I found my love for raising livestock. I show market and breeding goats, and I have developed a passion for raising these animals unlike anything I have ever done before. I enjoy it so much I want to go into a career with livestock. Thank you for taking a little bit of time to read about me and I am looking forward to AgFest 2022!
