### **Description**

This is my 4th year raising market swine. My dark cross gilt named Dawn has been fed straight feed, making the quality of her meet very high. I have not fed extra supplements, but have kept her fed, watered, and exercised to ensure her health and quality. I built my pig pens myself along with building my feeders with a plasma welder. I have been involved with the rearing of my project from the very start. I am a board member in my 4h club, and also on the Jr. Agfest board, helping to plan fun events. I also help my dad to weigh pigs weekly and help others with their projects.

Dawn placed first in her market class this week at AgFest!

I appreciate any consideration in purchasing my animal, and I hope all of the exhibitors do well in the show and in the sale!
