Description

My name is Alyson Todd. I am a senior this year at Prairie Valley in Nocona, Texas. After graduation I plan on going to college and becoming an agricultural vet as I am wanting to be able to give back to the FFA community. My steer Billy was suppose to return to the HLSR as he is my calf scramble steer. My journey with him has been amazing! He is the sweetest steer. I am heartbroken we could not return to show how much he has grown and improved. Our journey was rough as I also raised another steer, a heifer, a lamb, and a pig. My heart will forever belong to the FFA as it has given me so much. Now I am trying to make the most out of what I have and I appreciate all the help and time these people have given us to make this happen!
