FFA Chapter or 4H Club Name Linden Peters 4-H Club

Show Placing 1st Place

Short Description Cutting Board

County San Joaquin

City Linden

Type of Sale Terminal/Market - Buyer Gets Project at High Bid

Description

My name is Gilbert and I just finished kindergarten. I have been following my dad around in the shops for as long as I can remember. I even helped him build custom cabinets and a remodel in our house by doing some of the gluing and sanding. On this project my dad let me use the table saw with his help and I did the gluing and sanding. I won a first place blue ribbon for my cutting board.

My cutting board is just under 17 inches long, 12 inches wide and about an inch thick. It is made out of hard maple and heat treated ash. Both of these woods are very durable. The wood strips were glued with TiteBond III wood glue which creates a strong waterproof bond. The cutting board is conditioned with food grade mineral oil.
