### **Description**

Hello my name is Hannah Dyson, I am in the 8th grade at Lumberton Middle School. I'm involved in basketball, volleyball, and FFA. This is my second year showing swine. My gilts name is Willow, I have worked with her every day and take good care of her. My project has taught me a lot of responsibility, patience, hard work, and so many life skills and lessons. The earnings I make off of my project I plan to put towards my next project and also add to my college fund. Thank you for taking the time to review my lot and thank you for supporting the FFA program!

**Quantity:** 1
