### **Description**

I am a 9th grader at Vidor High School. I have been showing animals since I was in 4th grade. I am very active in my church youth group and school sports, and love to be at the lake on my downtime.

This is my 8th pig to raise for show. She has been my easiest, most laid back, and well-behaved pig so far. I got her at Halloween last year when she weighed around 35 pounds. Unfortunately between hurricanes, floods, and COVID shutdowns over the past few years I have not been able to show and/or sell all of my animals.

All money received from my project will go directly into my savings account for college. My goal is to go to Texas A&M in Galveston to be a Marine Biologist and work for Texas Parks and Wildlife at Sam Rayburn.
