Description

Hello! My name is Tucker Rust. This is my steer Squints. I am a baseball player and enjoy the movie The Sand Lot. Squints and I were supposed to show in the Houston Livestock show. I was very disappointed when we found out we could not show. Squints is a very sweet and gentle steer. By far he has been my favorite. I will be very sad to see him go.

Squints and I took a lot of second place ribbons this year. We continued to work hard and we finally placed a first.

I know I am fortunate to have raised a steer like him. Raising steers are hard work. It teaches you patience, endurance, work ethic, and compassion.

I really enjoy being out side and have high hopes of becoming a game warden some day.

Thank you for stopping by and reading about me and my buddy Squints.

Thank you too for considering donating to my project.

I hope to put this money toward my steer bills from this last year. I also hope there is enough to put towards a steer for this next year.

With a Grateful Heart,

Tucker Rust
