Description

Meet my Lamb Cleo. I acquired her from a breeder in Shepherd, Texas. Cleo was pretty skittish at the beginning, but from all the hours I put in working with her over the past 7 months she has really opened up to people. I am so thankful for all the lessons I've learned in my first experience showing with her, and am ready to use the money from this sale to buy a new lamb for next show season coming up this summer. This next year will be my second, and unfortunately my last show season before I graduate high school and hopefully go to Southern University majoring in music to go into music production and music education. Aside from showing I've been in agriculture since 8th grade and have been on multiple competition teams and am also our chapters sentinel. Thank you so much for your support for kids who sacrifice and put in the hard

work to be able to keep livestock shows alive! We really could not do it without your generous donations and purchases!!
