Last Name Lamkin

FFA Chapter or 4H Club Name Lumberton FFA

County Hardin

Animal Weight (in Pounds) 1345

Date of Reported Weight 03/06/2022

City Lumberton

Description

This is Diesel, he is an Angus steer, his mom is a Brangus and his dad is a purebreed Angus. Diesel is very hardheaded and tries to do what he wants when he wants, so he has definitely given me a run for my money! Nevertheless, I have enjoyed every bit of my time with him. We all know that every animal has their favorite treat and for Diesel, his is hay! He will literally do anything for hay! I hope that when you look at my steer, you don't just see a steer, but you see a steer that I have loved, raised, and put my all into over the last 6 months. All contributions will be greatly appreciated and put towards my next FFA project. With that, I want to personally thank you for any and all donations.
