**Description**

Blaycie here again! On top of my steer project, I decided to try something else new, rabbits! They are a fun project to learn and work with and it is definitely something I would like to do again. I would love to be able to have successfully shown and sold each species I am able, by the time I graduate. After this project, I plan to continue with rabbits and hope to breed my own and help others get started like someone helped me.
