Description

Mr.Waddles was obtained October 8th 2021 at 11:51 p.m. We met his breeder in a Market Basket parking lot. His ride to his new home was in the lap of my Ag teacher, in my dad's truck. A funny memory that will stay with me forever. This is my first project in FFA. We really had no idea what to expect. This experience has been frustrating, rewarding, and life changing. Mr.Waddles and I had a rough start. We had many people point out how stubborn he was. But we persevered! I learned patience. With patience came a strong bond between Mr. Waddles and I. He is spoiled rotten. The more attention and belly rubs he gets, the better he practices walking. He loves the lime light. He may not always work well with me at home but he puts his game face on in the ring. No matter our placing he always makes me proud. He has gone from a

pig that refused to leave his pen to one that takes direction well(for the most part). Mr. Waddles and I have placed 6th,4th,and 1st. That just shows how far we have both progressed. I will take so many things that I have learned forward to my next project. Thank you for considering Mr. Waddles. And thank you for aiding me with my future project.
