Animal Weight (in Pounds) 1285

Date of Reported Weight 09/13/2022

Short Description Aries

City West River

Description

My steer Aries is a shorthorn and was born in April of 2021 and I brought him home last October. He is a registered Purebred Shorthorn Steer. I have shown him several times this spring and summer, Harrisburg Jackpot Show in March, Pa Beef Jackpot in April the Delaware Jackpot Show, the Interstate Preview in WV, and SMILES in Southern Maryland.

I am a 16 year old Junior at Southern High School, I am currently the Southern FFA Secretary and past officer of Harwood 4H. Both of these programs have impacted my life and have educated me on how important agriculture is in everyone's daily life.

I am a junior member of SMADC's Southern Maryland Meats Program and I also am apart of the Southern High School Sailing Team.

I would like to thank my buyers from last year, Giant Foods and Ferguson Trenching. Their support has allowed me to raise 2 steers this year.

Quantity: 1285
