Short Description Market Steer

City San Antonio

Description

Meet Big Red, he is a Polled Herford with bright red and white hair. His breed is known to be the most stubborn steers, but I did not know that until after I bought him which was on March 11, 2022. Now, he is weighing at 1230 pounds at the age of one. My steer is very curious, he enjoys exploring everything he sees, especially smelling anything, he can get close too. In the beginning, I had issues because I was still a stranger to him, and he wanted to run me into the fence every chance he got. I learned to be patient with him and continued to practice with him every day and now knows how to stance on his own and does great in shows. Overall, this steer show journey with Big Red has been very educational and has given me courage and self-esteem to pursue this experience for another year. I'm having lots of fun and looking forward to San Antonio and Houston Rodeo in February and March.
