### **Description**

Hi, I'm Autumn and I'm a Senior this year at Madison. As a Senior, this will be the last project I'll raise. With that being said, I've highly enjoyed my last year in the barn, with putting effort into my lamb and creating many memories.

This final year I decided to raise a Fine Wool Cross, his name being Stan. Stan has got to be one of the worst lambs I've raised, not because he was bad at showmanship, but because he sure had an attitude. With his stubborn attitude it was a bit difficult to break him in, but eventually with time we got to a really good point where he was fine with being handled. It took constant handling and practice to get him to the point he is now and I'm glad my hard work paid off in the end.

Thank you so kindly for reading and looking over my project this year. Any donations would be highly appreciated. I plan on using whatever profits earned to hopefully go to college, where I can then get a degree.
