Validation Tag or Show reference# 65

County Hardin County

Animal Weight (in Pounds) 1303

Date of Reported Weight 03/28/2023

Short Description Exotic Steer - Bentley

City Silsbee

Description

Meet my steer, Bentley. He is a year and a half old Charolais cross. I purchased him in March of 2022 from Utopia Ranch in Beaumont, Texas. He weighed 580 pounds when we brought him home. Right away I began working with him to acclimate him to his new surroundings. Now I knew it was going to be a little more of a challenge for me because I am in my wheelchair. Things can be a little more difficult at times but I am thankful that Bentley is patient with me. Since getting Bentley, he has learned to walk behind my Trackchair, bathe and stand for shows. Bentley eats about 15-20 pounds or more of food a day. To this present day Bentley weighs 1,150 pounds. Walking him everyday is essential as well as making sure he has a clean stall. This is my second year in 4H and to be showing an animal. This year has shown me that caring for an animal takes a lot of responsibility, time and dedication. It is very rewarding to see the progress that I have made with Bentley.

I am very thankful for all of the help that my parents have given me along the way as well as the support in allowing me to have this opportunity.
