

Sale Name: The Exclusive Show Pig Sale - TX

LOT 19 - Ace Genetics Berkshire Boar (Intact)

BREEDER Ace Genetics

SEX-Swine Prospect/Production Boar (Intact)

EAR NOTCH 3-12

DAM: Dye Free 22-4

Description

Fair Warning x Dye Free 22-4! The Dye Free 22-4 mother here will be responsible for Lyla Pankey's 2nd in class at SA 23' as well as Kobe Thomas Champion Berkshire Barrow at SA 22'. When I loaded these Berkshire barrows and headed West, I thought these were without a doubt the deepest set of male hogs this particular sow has had thus far. With the success that we've been lucky enough to have with her barrows, that speaks volumes. Make your choice on any of these Berkshire barrows. You will be happy with the end product.

Quantity: 1
