FFA Chapter or 4H Club Name Weston Ranch

County San Joaquin

Animal Weight (in Pounds) 1335

City Stockton

Description

Dear Sir or Madam:

I am a member of the Weston Ranch FFA Chapter. This year I chose to take advantage of the opportunity

to have a livestock project. Currently, I am preparing my project for the San Joaquin Ag Fest Fair, June 12th

-17th 2023.

My project consists of raising and showing a Market Steer I've owned my steer Everest since October of

2022 and I have been at the school farm where my steer is currently stored and I have been out there at

least four hours a day and I have so far invested \$6,000.

The purpose of my letter is to invite you to attend the San Joaquin County Livestock Show auction on

Saturday June 17, 2023 and support me and other youths from Weston Ranch High School There is a

buyer's luncheon also on the 17th as well with the action.

If you are unable to attend the auction, but are interested in purchasing my steer, please feel free to contact

my agriculture science teacher Ms. Natalie Gutierrez (ngutierrez2 musd.net) or (559) 239-5745, to see how

you can support me and other exhibitors without being present. In the event you are not interested in

purchasing my steer, you can still help by providing an "add on" which can be made in amounts as small

as \$25.00. Add-ons are added so whatever auction price I receive for my project which helps to provide

some additional premium to help defray the cost of owning and raising my steer.

I have learned so much when raising my steer. I learned how to walk him, wash him keep him healthy give

him shots and show him My future plans include going to college and majoring something in Ag. If you

would like more information regarding the San Joaquin County Livestock Show please do not hesitate to

contact me at (209)403-5337

Quantity: 1335
