### **Description**

Hi, my name is Crystal Torres. I am 15 years old and a sophomore at Tokay High. This is my first year in FFA and my first time showing an animal. I am currently raising a male market goat which I will be showing at Ag Fest this summer. I love to try new things and have new hobbies. I had no idea what I was getting myself into but I wanted to try something new and get involved with agriculture more. I walked into this project wanting to understand and educate myself on the process and care of the market industry.

These past couple of months I've been caring for my goat every day. Daily I will take him out walking and running to develop his muscle structure. I like to put him on a stand and brush his coat daily. I have invested about \$700 into my goat so far. As of

May 17, my goat weighs about 82 lbs. A challenging but very worthwhile process of being educated on goats while also building showmanship.

I am thrilled to see all buyers and supporters that chose to participate in my journey. With the money I receive, I hope to save for my college fund and my plans for college in the future. I hope to have your support and consideration in buying my animal.
