Description

Hello, my name is Casadee Hilberg. I am sixteen years old, and I am a sophomore from East Union High School. This is my second year showing rabbits in which I bred one of the two I will be showing. In the past three years that I have been caring for rabbits, I have learned more about rabbits and myself. This year especially I learned patience, time management, and to trust my animals. This year I have two different breeds of rabbits. I have a California Meat Rabbit and a black New Zealand. My Californian was the only one who survived birth this year sadly in which his name is Pua as he got chubby fast. My New Zealand is named Tiana as she has a respectful tone to her. They both are exceptionally gaining weight and happily getting along.
