**County** TX

**City** LAMPASAS

**Description**

My name is Erin Nobles. Simba is my red steer. I purchased him when he was only six months old. I chose him after seeing the way he tracked, the smoothness of his shoulders, and how well his body flowed together. He is a true power wagon with a great structure. His body is finished off with a great spring of rib. His soundness and structural correctness is very eye catching. He is very flexible, clean, and tracks with extraordinary precision. He is one of my best projects.

**Quantity:** 1
