County El Paso

City Calhan

Date of Reported Weight 07/15/2023

Short Description Turkey

Description

Hi! I'm Owen, and this is my 3rd year participating in 4H and the market poultry project. I have learned a lot through my years of growing and producing meat products. Each year, I have picked out my turkeys, watched their weight, and adjusted feed to provide the best nutrition through a combination of meat poultry feed, scratch, and cracked corn. This is my first year doing only market turkey as I wanted to focus on creating the best market turkeys I could.
