Validation Tag or Show reference# 825

County EL Paso

City Peyton

Animal Weight (in Pounds) 140

Date of Reported Weight 07/17/2023

Description

Meet Ray Ray, my not so little ray of sunshine. I purchased Ray from sheep breeder in Nebraska in March of this year. When I picked him up he was a little over 50 lbs and very skittish. We have worked very hard together and now we trust each other. He particularly loves getting ears scratched. This is my 5th year raising a market lamb, I recently graduated from high school and am headed to Casper College, in WY in the Fall. At Casper I plan to participate on the Livestock Judging Team and to study Animal Science and Agriculture Business. I'm so grateful for my years of experience in 4-H, as it has inspired me to study agriculture and pursue my future career. Next year, will be my last year in 4-H, as I will age out, your support will allow me to purchase my last market project and also allow me to pursue my education. I sincerely appreciate the support you provide to me and the 4-H community. Thank You, MacKenzie Jensen
