Short Description Black Steer

City Peyton

Description

Hello my name is Wyatt Crippen and this is my 7th year in 4-H. I have shown pigs and cattle in years past . This year I brought a breeding heifer, a cow calf pair and a market steer. My steers name is Boone. He was born on March 1st and weighed about 65 pounds. He came out of my #8 cow and I have raised him since he was a baby. I will be showing him in the producer class and the middle weight division. He has gained about 3 pounds per day since our first weigh in. I am really proud of how he has gained. It has been super fun working with him over the last several months. He has grown and improved so much since I started working with him when he was a baby. I feel like he is my best steer yet. I work really hard give him the best quality feed to produce the best quality product. I hope that you will support me in the sale. I plan on using the proceeds on my projects next year.

Quantity: 1
