Description

Hi this is polo, he is a very healthy and happy lamb he has grown so much since I picked him up. He is tall and eats two times a day. He eats non G.M.O. feed and gets lots of treats. He has access to a grass pasture where he snacks all day, and always has fresh clean water. We work every day on training and walking. He also gets occasional baths. Thank you for considering my lamb for purchase.

Quantity: 94
