Description

Meet my duroc pig Clifford. He is 6 months old. I purchased him when he was just 3 months old and weighed just 30 pounds. I named him Clifford after the book character Clifford, the Big Red dog. I figured he would be just like the dog Clifford and start out small and grow into a big red pig. I was right. Clifford has grown well and now weighs over 250 pounds. He has regularly eaten an 18% protein feed. He likes to get baths. I try to walk him as much as possible but at first it was so hard to get him out of the pen because he didn't want to leave his buddies. Now he is a great show pig. He has an amazing muscle to fat ratio and will be a great purchase.
